

Marina Zaton
43°46'39.66"N
15°49'48.22"E

MARINA ZATON is located in the very well protected southwestern end of Zaton bay, opposite to the entrance to lake Prokljan and in the spectacular river Krka canal /delta, on the main maritime route to Skradin and national park Krka. The natural bay of the marina offers great protection from all winds, waves and boat rocking while the beautiful natural setting surrounding the marina creates a relaxing atmosphere and a sense of privacy.

The total area of the marina is 3673 m², of which 3192 m² is water surface.

The marina has a total of 35 berths, fully equipped with sufficient shore power (16A and 32A) and water connections. Operating the marina privately and exclusively for DYC customers enables us to bring our service to an even higher level. For our clients, we have secured spacious sanitary facilities, sufficient parking, reception, and WIFI throughout the marina. In the picturesque village of Zaton, located 500 m from the marina, there are all necessary services – major supermarket, post office, ambulance, shops, church and other places of interest. Transfer to and from Zaton is secured at a fixed rate for our customers.
