The Port of Calanova was inaugurated in August 1976 by the King and Queen of Spain. It is one of the leading nautical sports centers and an important venue hosting regattas. It takes advantage of a splendid Mediterranean climate, clean waters and moderate steady winds. It offers all possible services so sailors' only concern is to enjoy the sea.

With the new project and the new moorings distribution, Calanova will host boats from 4 to 25 meters

Calanova is located in the city of Palma de Mallorca, not in the city center but between the beaches of Cala Mayor and Illetas.

**Access:** the port has different and easy access points including the Public Transport (Bus L3 L20) and from Airport (N°10), or 20-25min by taxi

**Marina is manned 24 hours a day, 364 days a year.** (Dial 09 VHF).
