## Presentation of Malaysia

Malaysia has a great deal to offer the visitor and sailor, including a colourful culture, delicious food and very friendly people. The scenery is exquisite - spectacular coastline and beaches, tropical islands, emerald waters, beautiful scenery, and excellent sailing conditions.

Our cruising ground is the Andaman Sea, which includes the 99 islands which make up the Langkawi group and also takes in the southern Thai islands of the Butang group and Tarutao, which has always been one of most popular destinations.

Tioman is the biggest and most impressive island at the east coast. Tioman offers a wide range of activities for visitors: snorkelling in crystal clear water, discover the beautiful underwater world, or just laze on the beach. Also, there is a jungle on the island that is just begging to be explored. The dense forest is a habitat for many kinds of flora and fauna.

The client benefits from the way that the charters are organised, in that they are offered great flexibility in their charter periods.

## Presentation of Langkawi - Cruising Area Limits

Langkawi group of around 99 islands in the Andaman Sea and also takes in the southern Thai islands of the Butang group and Turatao up to Phuket.

For one way charters to Phuket the area is large, Penang is 80 miles south of Langkawi and is not in the cruising area but ferry services leave several times a day from Langkawi for clients wishing to visit the island. For Langkawi, charters there are several things to know:

1) Around Langkawi, shallow waters have some silt, meaning that diving and snorkelling around the main island is not great, whereas Butangs Islands (in Thai waters) are very nice. You can also dive in Malaysian waters at the Pulau Payar Marine Park 18nm south of Langkawi.

2) To reach the Butangs group clients will pay around 200RM per person and 250RM per boat for us to check them in and out. The Butangs are 28 miles away which is the same distance as Phi Phi is from our Thailand base. To check out, clients are required to hand over passports to base manager for at least two days (48 hours). Some clients don't like the idea of being without passports for two days and they are therefore unable to visit Thailand and go diving.

Guests on shorter charters up to 7 days should be made aware of the passport processing time if they want to cruise The Butang group.

Yachts are outside of our ability to assist with any problem quickly once they cross into Thai waters.

## Presentation of Tioman - Cruising Area Limits

About 56km off the coast of Pahang lies Tioman Island, an alluring holiday paradise in the South China Sea. Acclaimed as one of the best island getaways in the world, Tioman was the location of the Hollywood musical, 'South Pacific' in 1959.

According to legend, this island is the final resting place of a mythical dragon princess. The warm waters and good visibility make Tioman a paradise for divers. Discover astounding sights such as colourful Gorgonian sea fans, Staghorn corals, nudibranchs and beautifully sculptured sea sponges. Snorkellers can delight in swimming alongside huge Napoleon Wrasse, Golden Striped Trevally, Bumphead Parrotfish and shoals of Fusiliers.

This island is an idyllic spot for leisurely days under the sun. Swim in its emerald waters, enjoy a stroll by the beach or be lulled to sleep by the sound of the waves. There are several villages scattered around the coastline, the larger ones being Salang, Tekek, Genting, Paya and Juara.

Each village offers a different and unique atmosphere. Tioman's verdant greenery is home to a splendid variety of plants and small animals, including butterflies, monitor lizards, deer and monkeys. Its flora and fauna have been featured in National Geographic's documentaries.

The island's granite formations make for excellent rock-climbing expeditions. The more adventurous can attempt to scale the sheer cliff face of the legendary Gunung Nenek Semukut or Dragons Horns. Berjaya Tioman Beach, Golf & Spa Resort offers a luxurious stay amidst a backdrop of rolling hills and scenic views.

### Cruising Limits Tioman:

The sailing playground includes all the islands between Tioman and Aur, and the islands along the coast of Mersing.

- ../ Golf course.
- ../ Diving spots
- ../ Coral island, Seribuat, Rawa
- ../ Sibu, Tinggi, Pemmangil, Aur (Hesar islands group)

**Provisioning**

We recommend at least to provision with basic products. It's easier to make it before departure as most of meals will be taken on board even though crew can go ashore for dinners.

**Currency**

Local currency is Ringgit (1 euro is roughly 5 Ringgit) - Credit cards are accepted in the shops / there are cash dispensers – Visa Card, Eurocard, American Express and Diners Club are accepted in mall and hotels. One recommends bringing a "mix" of cash and traveller checks.

### **Passport and Visas**

No specific visa required for most of nationalities - A valid (for at least 6 months) passport is compulsory.

### **Religion**

Muslim

### **Language**

Bahasa Malayu – Malais (and English is widely spoken).

Few Malay words: Selamat pagi = good morning // Selamat petang = good evening // Selamat datang = welcome // Selamat tinggal = good bye // Terima kasih = thank you // Maafkan saya = excuse me.

### **Health**

No vaccines compulsory for European travellers.

- If you are under treatment, it will be hard to find a pharmacy after leaving the airport.
- Bring along with you the necessary pills or drugs quantity.
- Keep your vital pills or drugs with you in your hand luggage (in case of luggage losses).
- Plan a mosquito repellent and a first aid kit.

Even if you can easily stand the sun, it's much harder on a boat than on the land because of reverberation. Smooth breeze, avoid feeling the heat and you get sun burnt before noticing it. One recommends having a cap and sun glasses. A good solar cream is necessary at least for first days.

### **Advice**

Before entering in temples or Mosques take off shoes and even though taking pictures is allowed but one recommends asking for it before. Take only soft bags - No suite case (rigid suite cases are too cumbersome on a boat). There are no special habits for tips, but one can give.

### **Diving**

Diving can be arranged locally upon request.

### **Charts and pilot books**

The Andaman Sea Pilot 2007 edition

### **Malaysia climate and weather conditions**

It's a tropical climate average between 21° and 32°.

Langkawi is an ALL YEAR ROUND sailing destination. There are two main seasons, which are called the wet and dry season, or the SW or NE monsoon, respectively. Seasons tend to be predictable, although there may be inconsistencies as they change from one to the other.

Tioman Best period is between April to October (contrary to Phuket), few rain, clear sky. Winds are from South-East, average of 15 Knots. However, winds are parallel to the coast, so cruises often require sailing close to the wind or on the quarter. Sometimes in the evening, west squalls (20 to 40 knots), are sprinkling moorings located west sides of islands (protected from South-East winds), but it's more rare these last years.
