Sailing license required:  No  Yes

### **PAYMENT**

The base can accept:  Visa  MasterCard  Amex  Cash

### **EMBARKATION TIME**

Boarding time is made by appointment when you arrive at the marina base.

### **YACHT BRIEFING**

The chart and technical briefing take approximately one hour. All briefings are conducted on the chartered yacht and will take 40-90 minutes, depending on yacht size and crew experience

The team will give a detailed walk-through of your yacht's technical equipment, information about safe and accurate navigation, including the yacht's navigational instruments, as well as mooring, anchorage and itinerary help. The safety briefing introduces the safety equipment and your yacht's general inventory.

## **STOP OVERS**

For all our charters starting and/or ending in Kos, the first and last night at the marina is free of charge.

## **DISEMBARKATION TIME**

You need to return to base the day before the final day of charter. We recommend arriving as early as possible to avoid lines at the gas station and no later than 6pm.

The team will inspect your yacht's equipment and a general visual check of its interior and exterior. A diver will check its hull, keel, rudder(s) propeller(s) and /or bow thruster. General inspection will take approximately one hour. Diesel will be refilled as well.

Please only take soft bags and not suitcases, as they would be too cumbersome onboard.

## AREA GUIDE

---

### LOCAL AREA INTRODUCTION

The Dodecanese Islands lie to the east of the Cyclades in the southeastern Aegean and are an island hopping dream with more than 163 islands and islets to sail.

The Dodecanese archipelago is said to be the sunniest part of Greece. Sitting off the coast of Turkey, the group of 15 larger islands and 150 smaller islands offer a diverse cruising ground. When sailing from Kos, you can sail south to the striking island of Symi, or north to the northernmost islands of Leros, Lipsi and Patmos.

While on Kos Island, enjoy Mandraki Port plus the medieval fortifications, including the impressive turrets belonging to the Castle of the Knights of St. John on one side of the harbor. Stroll the bazaar or tour the ancient ruins in the Western Archaeological Zone or the Temple of Apollo. For sandy beaches, sail to Kefalos, Marmari and Tigaki.

To sail in Kos you will need a sailing license that is recognized by the local port authorities, or you can hire a skipper.

### TOP THINGS TO DO IN KOS:

1. Visit the traditional village of Mylotopi: At Kefalos you can see the restored traditional village of Mylotopi on the island of Kos. Tour the fascinating architectural landmarks, including a windmill, tunnel, house and a restaurant, which displays the conditions of the inhabitants a century ago.
2. Enjoy a drink in Eleftherias Square: With so many things to do in Kos, make sure you visit this lively market square surrounded by historic buildings and soak up the atmosphere with a drink or a meal in the local restaurants and cafes. The markets stalls offer local honey and herbs – a great place to stock up on gifts to take back home.
3. Sail to Symi: Head to the south of the Dodecanese during your Kos yacht charter and explore Symi's impressive architecture. A clock tower dating from 1890 stands guard at the port entrance and is one of this island's trademarks. Shops, bars and cafes lure you in, while later on a lively nightlife awaits you.
4. Relax on Agios Fokas Beach: Many of the locals enjoy this superb little beach, complete with crystal seas, snack bar, sunbeds and umbrellas. Take your beach shoes and goggles with you so you can enjoy a swim from this pebbly beach.

5. Discover Casa Romana: Casa Romana, or the Roman House, showcases the architecture of the Hellenistic and Roman times. Tour this beautiful mansion that's known for its elaborate frescos and statues - it's one of our favorite things to do in Kos.

### **INTERNET**

There is internet access at our marina and via cafes and Wi-Fi hotspots, which you can use during your Kos yacht charter. Onboard Wi-Fi service can be added to your charter upon request for an additional fee.

### **ENVIRONMENT**

- Respect your surroundings and leave only footprints in the sand
- Only use the engine or genset when needed (fill up your tanks for the water maker at the docks when you can)
- Recycle your garbage in the correct containers at the marina
- Respect regulations around marine reserves and private islands where disembarking is not permitted

### **REGULATIONS**

Fishing without permission is prohibited in Kos, while sailing is permitted at night.

## SAILING CONDITIONS

---

### SAILING AREA

From Kos, visit Nisyros Island, a great place to stop off for inland exploration during your Kos yacht charter, particularly to view the active volcano and impressive caldera. Stroll dark, volcanic beaches, such as Gialiskari and Pahia Ammos, or Mandraki's whitewashed streets.

Be ready with your camera when entering the port at Symi's port, Gialo. The waterfront of this glamorous little town is lined by unique neoclassical period architecture. You'll want to try the famed Symi shrimp at one of the many tavernas and restaurants.

Head to nearby Kalymnos, which features a steep and rocky coastline, now well-known to rock climbers. The island also has a long tradition of sponge diving and you can still buy natural sponges here.

Further north on your Kos yacht charter, Patmos offers secluded pebbled beaches and crystal swimming coves, but it's perhaps best known as the island where St. John wrote the last book of the bible. The Monastery of Saint John and the cave where he wrote are the island's most important sights.

### WEATHER

The best time to visit Kos is in the summer when you can enjoy hot, dry and sunny days. Temperatures can reach 86°F in the summer months, peaking in August.

### TEMPERATURE

Climate in Kos:

- Summer High: The August high is around 79°F
- Winter Low: The February low is 50°F

### WIND SYSTEMS

The sailing conditions for Kos include a NW prevailing wind in summer, force 4-6. Keep your distance from the shoals extending from Akrotiri Ammoglossa and be aware of the meltemi and its strong gusts into the bay.

When returning to base, go stern to and use the mooring lines, not your anchor. At the entrance to the port call channel 77 and the marina office will send a pilot to assist you.

## LOCAL FORECAST

You can find Kos weather forecasts on the [Meteo website](#). You can also monitor VHF channel 16 for weather reports ahead of your vacation sailing the Dodecanese Islands.
