SNORKEL GEAR

Wetsuits (protective suits) can be hired through the dive shop. They are 1mm thick neoprene full length suits. These can be worn year-round as they protect you from the sun, scrapes/cuts from coral and provide additional floatation and warmth in the winter months. **We strongly recommend these suits are worn throughout the year to protect against marine stingers.**

Pricing per suit: 5 nights - \$30 per suit 7 Nights \$35 per suit 10 nights \$38 per suit

Should you wish to hire a wetsuit to use during your charter we require your height and weight to be provided prior to your charter commencing.

This information will be given to the dive shop located in the marina and will be placed in a bag for your collection.
