

Dear Captain,

Welcome to Dream Yacht Worldwide New Caledonia. We are looking forward to seeing you here in Noumea and would like to be sure you have the very best cruising experience possible during your charter.

When you arrive we will sit down with you and answer any questions you might have about where to cruise and what to do in New Caledonia's famous World Heritage Site Lagoon - or to the Loyalty Islands or even Vanuatu. You'll have a copy of the old 1966 Cruising Guide to New Caledonia book aboard and relevant charts for your planned destinations.

If you would like to make the most of your cruise you might wish to start planning your adventure right now. You can preview the best anchorages and routes plus see exactly what to expect when you sail into one of them and anchor, if you order the DVD or download the Rocket Cruising Guide to New Caledonia from www.cruising-newcaledonia.com

This modern, sophisticated up to date interactive cruising program has every anchorage in New Caledonia (over 200) plus routes and detailed information (and spectacular virtual reality images) about diving, treks, internet reception, customs... it is an encyclopedia of information about sailing in New Caledonia and as a bonus comes with a tourism guide with information on everything from car rentals to hotels and restaurants.

Bring your notebook with you on your cruise to make use of the guide while actually sailing through New Caledonia's lagoon. Your computer does not have to be on the Internet to use the Guide.

However, you will be able to connect your computer to the Internet almost everywhere in New Caledonia if you read the instructions on how to connect to the New Caledonia's 3G network (without roaming costs) right now so you can order the equipment you will need.

Instructions can be found at www.cruising-newcaledonia.com/internet-new-caledonia.html
